

CIMEX 2019 will focus on the changing role of CIMIC in the information age, hybrid warfare and countering the spread of misinformation.

The Confédération Interalliée des Officiers de Réserve (CIOR)'s Civil-Military Cooperation (CIMIC) Committee remains committed to promoting best practices within the international CIMIC community. CIMEX participants will hear from some of today's premier speakers addressing NATO-recognized challenges. With over 15 nations participating in this table-top exercise, the CIMEX offers nations a high-impact professional development opportunity for mid-level officers and enlisted members that encompasses 'twice-the-citizen' CIMIC expertise and experience. **Registration is limited to the first 50 CIMIC specialists, so please do not delay!**

Tallinn, Estonia

This year's CIMEX will be held at **The Estonian Academy of Security Sciences**, in the beautiful city of Tallinn in Estonia over from 3 – 6 August 2019. Accommodations and most meals, are included in your registration fee. Registration details can be found at the following website:

<https://cior.erok.ee/>
